Earl Schnell is selling equipment and supplies so think about checking with him when you need beekeeping items. Earl Schnell 812.598.9162

V. New Business

- a) Check out www.kybees.org for the new website or information on the KY-certified Honey Producers Program. Costs and stickers are available on the site. **Honey sold at the KY State Fair will need to be KY-certified this year.**

VI. Education

- a) Feed nucs and splits 1:1 sugar water. Feed hives without drawn comb.
- b) Make sure that hives have adequate ventilation and get supers on as needed.
- c) Using Queen excluders will keep your Queen out of the supers. Think about simplifying your honey extraction by using them.
- d) Bees are still swarming! Keep your swarm traps up and monitor them.
- e) Consensus says treat for Varroa mites in July if possible. The method of treatment will be dependent upon area temperatures and whether you are treating with supers still in place. Check the website for further information regarding the pros and cons of various treatment options.
- f) If you would like to use the club extractor please call 270-339-7245 for an appointment. Please bring as many food-grade 5-gallon plastic pails as you think you will need. 10 frame supers may yield 3-5 gallons of honey.

Save the date

- a) Vaughn Collins Field Day July 13th-5424 N. 75 E. Patoka, IN Time TBD
- b) Kentucky State Fair, Friday, August 23rd. Sign-up sheet is now available. Admission tickets and parking are provided. <https://kystatefair.org/>
- c) Kelley (Mann Lake) Field Day Sept. 7th. No additional info found.
- d) Green Valley Beekeepers Association September 21-Owensboro Honey Exposition and Beekeeping School. Owensboro Community College-Humanities Bldg. More details to follow. .
